

NETWORKING SOLUTIONS

Most complete network solutions since 1996

CONNECT ANY WAY

Innovative, industry-specific, and cost-effective total network solutions for almost any environment.

THE PREFERRED PARTNER OF SYSTEM INTEGRATOR

Advancenet is managed by a team of skilled, experienced professionals with in-depth knowledge of the networking industry.

FLEXIBILITY

Flexible enough to accommodate any environment.

COST EFFECTIVE

Cost-saving solutions to fit your budget.

EXPERIENCED

Backing and Support from an experienced team.

PRACTICAL SOLUTIONS. STRONG SUPPORT.

Advancenet Technology Sdn. Bhd. opened its doors in Malaysia in 1996. Managed by creative professionals with their wealth of experience, skill, and knowledge in the networking industry, the company was set up to cater to the networking distribution niche of the Malaysian Information and Communications Technology Industry.

Mission

- * To provide quality and cost-competitive networking services to resellers and end-users.
- * To challenge the competitive environment by offering clients novelty and variety in our services.
- * To secure the trust of clients and to uphold the reputation of Advancenet.

Vision

- * An established presence in networking for the ICT sector in education, business and entertainment.
- * An efficient networking that fulfills the need for timely information, effective communication, and efficient performance.
- * A culture of teamwork where commitment translates into action.

Brands we carry

PUDU HOTEL KL

Installed 4IPNet Wireless LAN
Controller x1 unit, Wireless N
Access Point x86, Watchguard
Firewall x1 unit

MALAYSIA AIRPORT

IP Camera x55 unit, NVR x3

SUPPLIED
500,000
MODEM AND ROUTER
TO MALAYSIA TELCO

YTL THE CAPERS SENTUL

D-Link Layer 3 Switch x8, Layer 2
PoE Switch x50, Wireless N Access
Point x37 unit, SNMP Software x1
unit

MAH SING GARDEN RESIDENCE CYBERJAYA

Planet IPPABX x3 unit, Cisco IP
Phone x700 unit

Construction

JRSB Surveyor – Thecus NAS storage solution
Jurukur Perunding Surveyor – Thecus NAS storage solution
UAC Ipoh – Planet surveillance solution and Alberex UPS

Hospitality

Pudu Hotel KL – 4ipnet Hotspot solution for hotel guest
One Place Mall Putatan – 4ipnet Hotspot solution for guest
SOGO KL – Dintek cabling solution
Muzium Sabah – 4ipnet Hotspot solution for guest
Best Western Hotel PJ – Watchguard firewall
ILHAM Resort Port Dickson – Alcon wireless solution for hotel guest
KLIA2 F&B – Planet surveillance camera solution
Dragon-I – Watchguard firewall for VPN solution between branches
Lintas View Hotel – 4ipnet Hotspot solution for hotel guest
Platinum Hotel – 4ipnet Hotspot solution for hotel guest
Casino Cruise Ship – D-Link managed switch for casino surveillance cameras
Chaya Hotel – 4ipnet Hotspot solution for hotel guest
Klanga Hotel – 4ipnet Hotspot solution for hotel guest

Education

Universiti Islamic Antarabangsa – Winfull UPS solution
Unisel Bestari Jaya – Winfull UPS solution
KYS Melaka – D-Link managed switch and Wireless Access Point, Watchguard firewall
Charis International School – Watchguard firewall with Dintek cabling solution

Telecommunication

Telekom Malaysia – Router and Voice Gateway supplier for Unifi
P1 – All-in-One Router supplier for P1 Fiber
V Telecoms Malaysia – IP Cameras for all outlets
TIME – Voice Gateway supplier TIME fiber

Media

TV3 – Thecus NAS Storage solution

Healthcare

Beaufort Hospital – HP Switch with Dintek cabling solution
Likas Hospital – HP Switch with Dintek cabling solution

Residential

YTL Capers – D-Link managed switch as backbone infrastructure for intercom system
Perdana View Condo – D-Link managed switch solution with Planet intercom system
Metropolitan Square Damansara Perdana – D-Link managed switch solution
Mah Sing Garden Residence Cyberjaya – Planet VOIP intercom system
The Glades Putra Heights – Dintek cabling solution
Main Place Residence@USJ21 – Planet surveillance camera solution
Plaza 33 – Watchguard firewall with Meraki Wireless solution
Casabella Kota Damansara – Thecus NAS storage for surveillance camera recording, Welltech VOIP solution for intercom
Fraser Residence KL – Meraki Wireless and Planet Fiber to Unit Solution

Services

POS Malaysia – D-Link managed switch
DHL Cyberjaya – 4IPNet Hotspot Gateway for Staff wireless access
DHL PJ Menara Axis – 4IPNet Hotspot Gateway for Staff wireless access

HIK VISION IP
CAMERAS X250
AT
**MALAYSIA
AIRPORT**

Government

MITI – Korenix industrial switch (CCTV system),
Planet managed switch (Card Access system)
JAKIM – D-Link manage switch solution
Majlis Perbandaran Seremban – Planet surveillance camera solution
Majlis Sukan Negara – Dintek cabling solution
DBKK – Alcon wireless backhaul for town council surveillance
Wisma MCA KL – Watchguard firewall

Transportation

Kemamam Port – Planet surveillance camera solution
KLIA2 – D-Link managed switch for building automation system
Sena Traffic – Watchguard firewall for intelligent traffic light system

MILESTONE AND ACHIEVEMENT

1996

Advancenet Technology Sdn Bhd Established

1998

Appointed D-LINK distributor

1999

New branch established in Johor Bahru.

2000

New branch established in Penang

2003

New branch set up in Kuching, Sarawak. PIKOM membership in the same year.

2004

New branches established in Kota Kinabalu, Sabah and also in Melaka

2005

Appointed TP-LINK distributor

2007

Appointed PLANET distributor

2008

Appointed ABLEREX distributor
Appointed PROCELL distributor
Appointed ALCON distributor

2009

Appointed MOXA distributor
Appointed THECUS distributor

2010

Appointed DINTEK distributor
Appointed WINFULL distributor
Appointed GROWV partnership

2011

Partnership with WATCHGUARD
Partnership with 4IPNET
Partnership with WELLTECH

2012

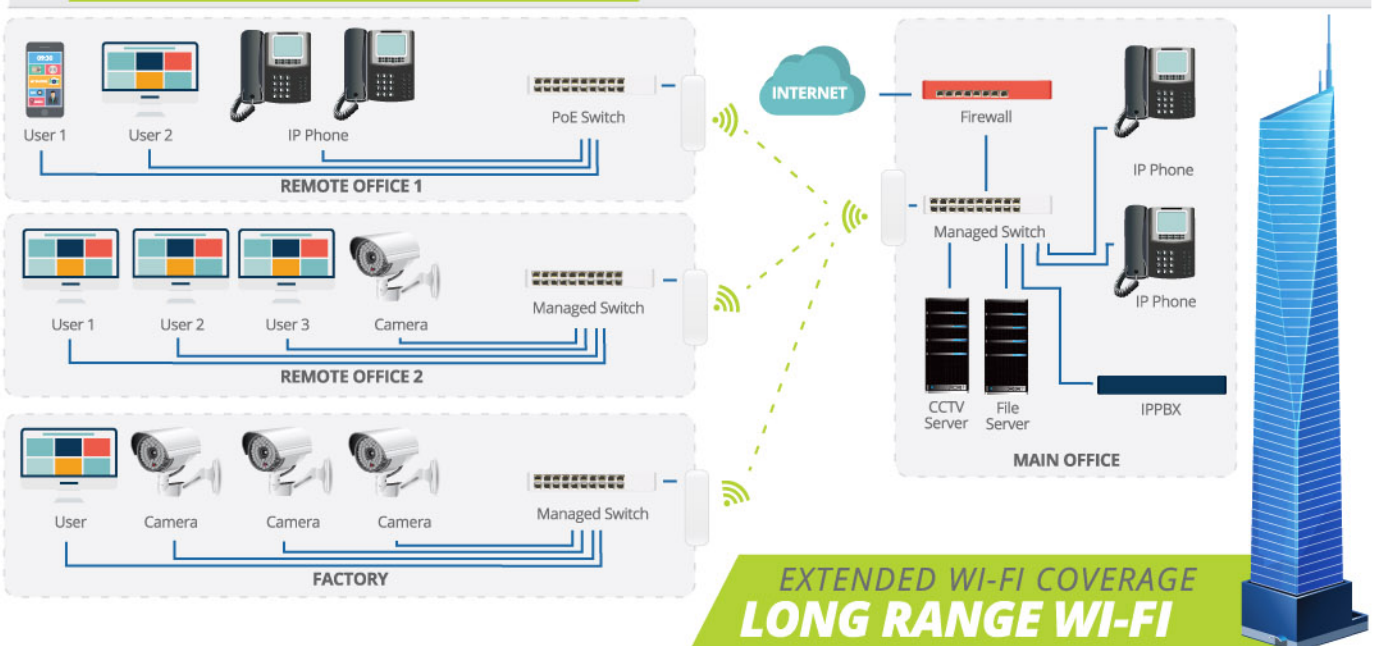

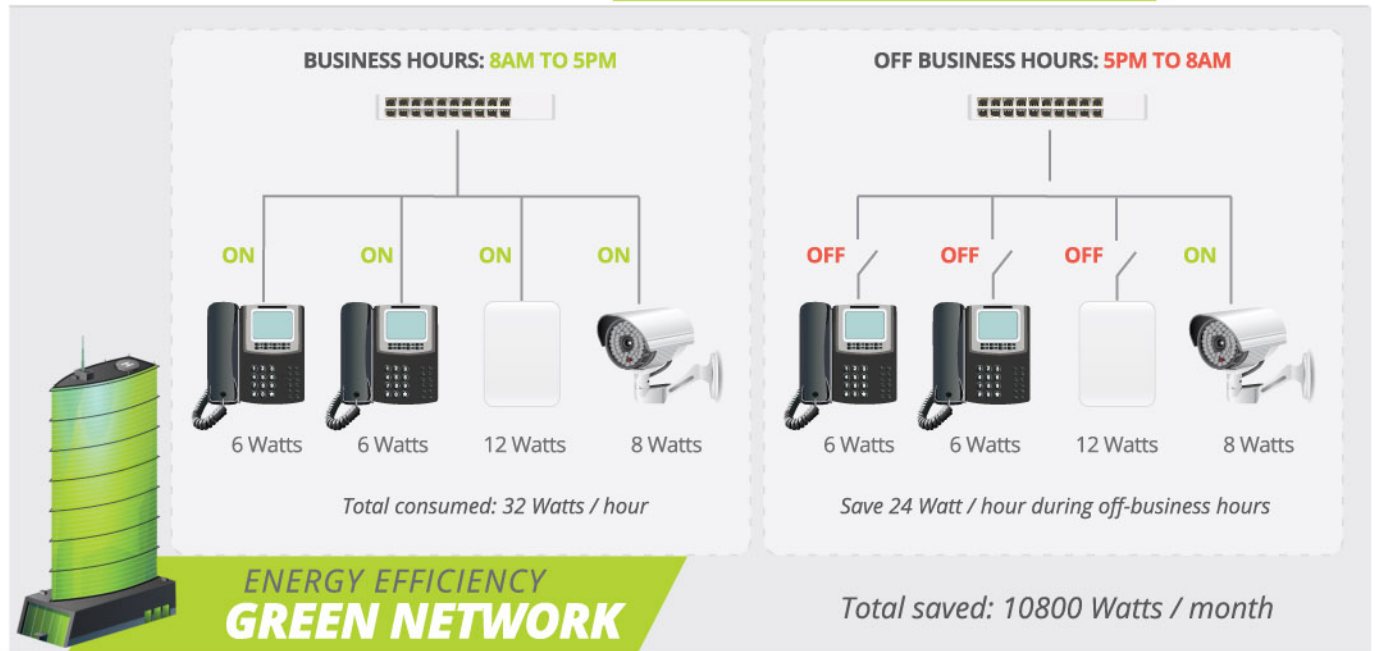

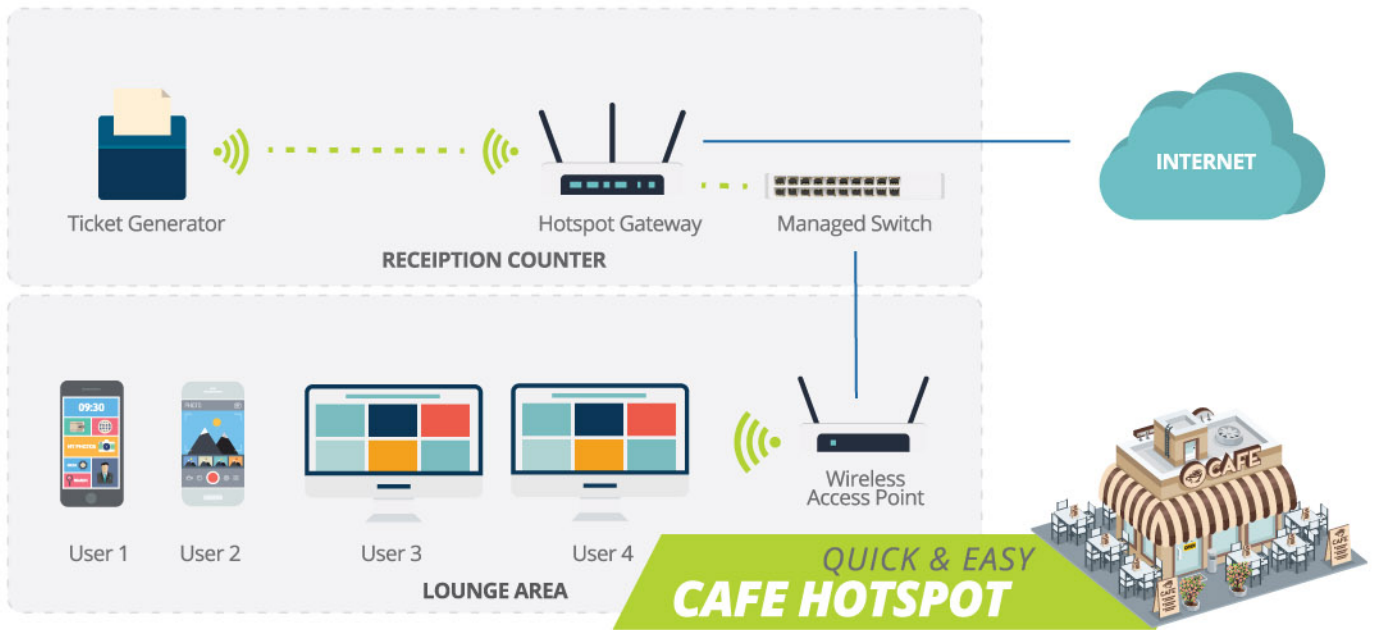

Appointed KORENIX distributor
Appointed DATWYLER distributor
Partnership with MERAKI
Partnership with EATON

2013

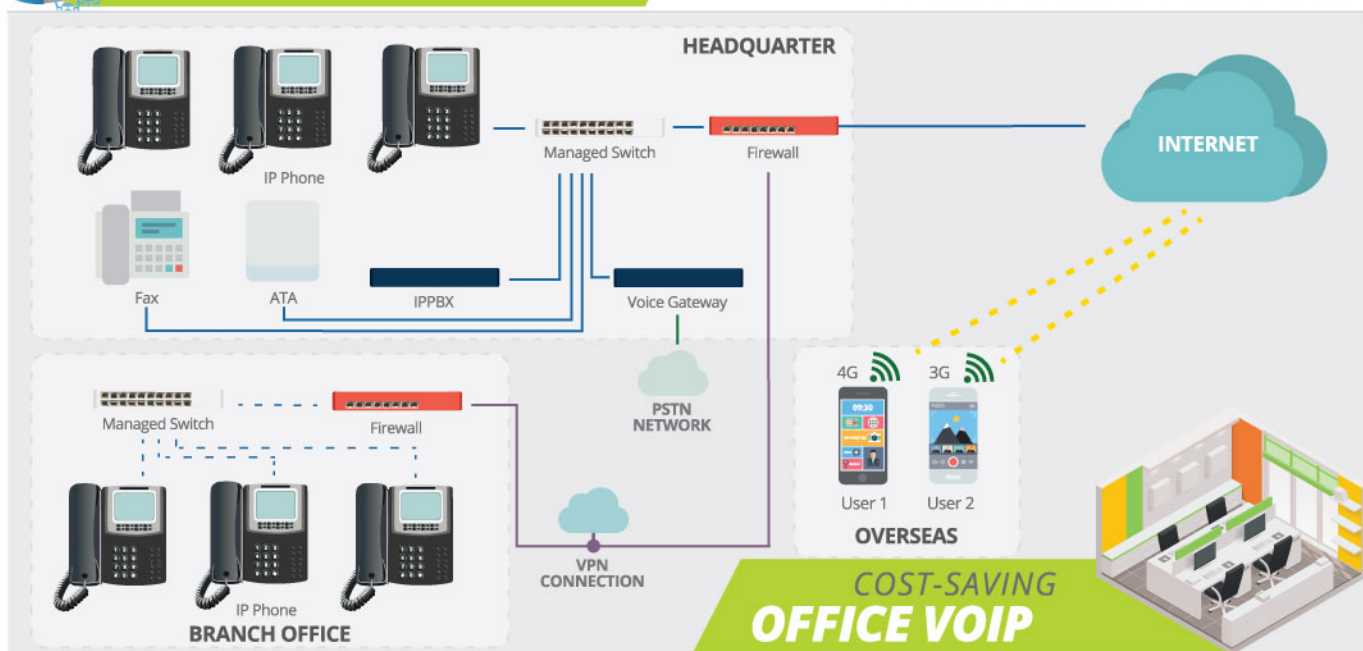

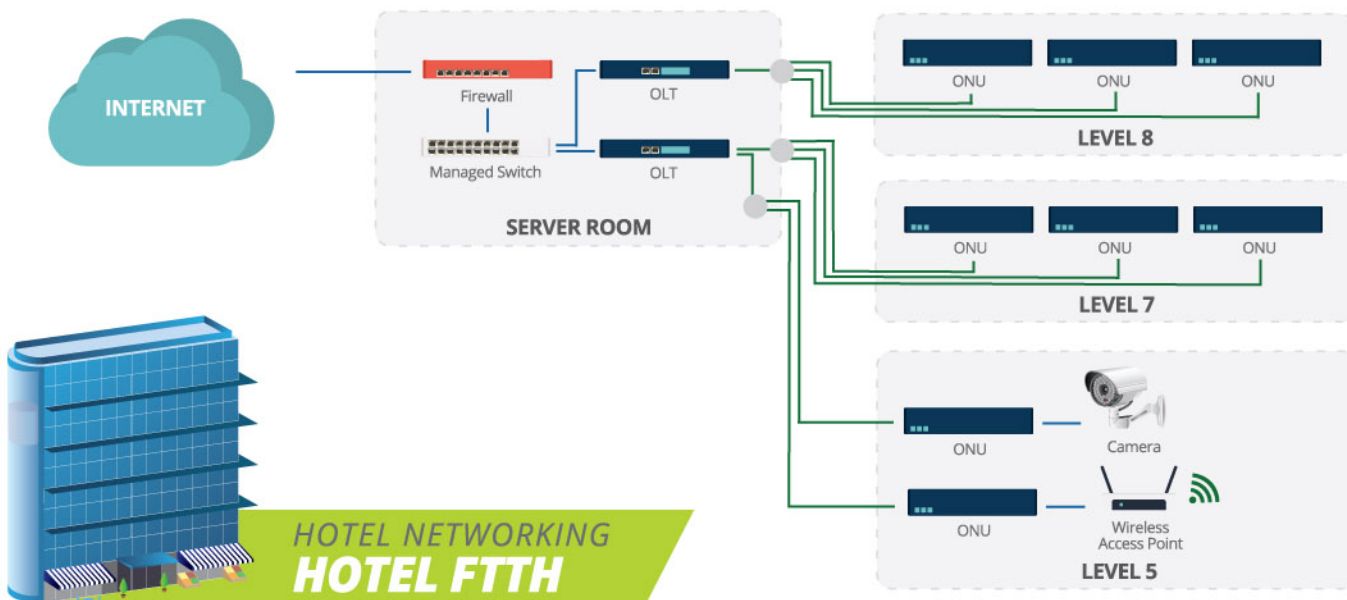

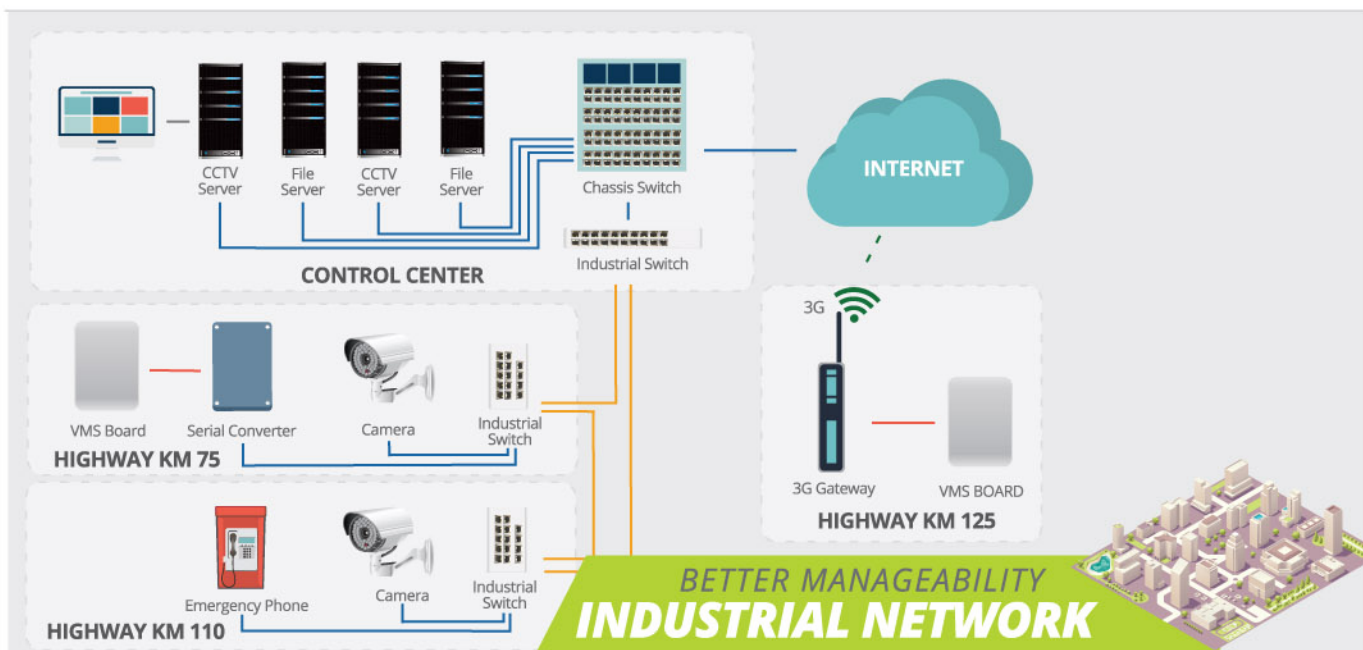

Partnership with CISCO
Partnership with ST

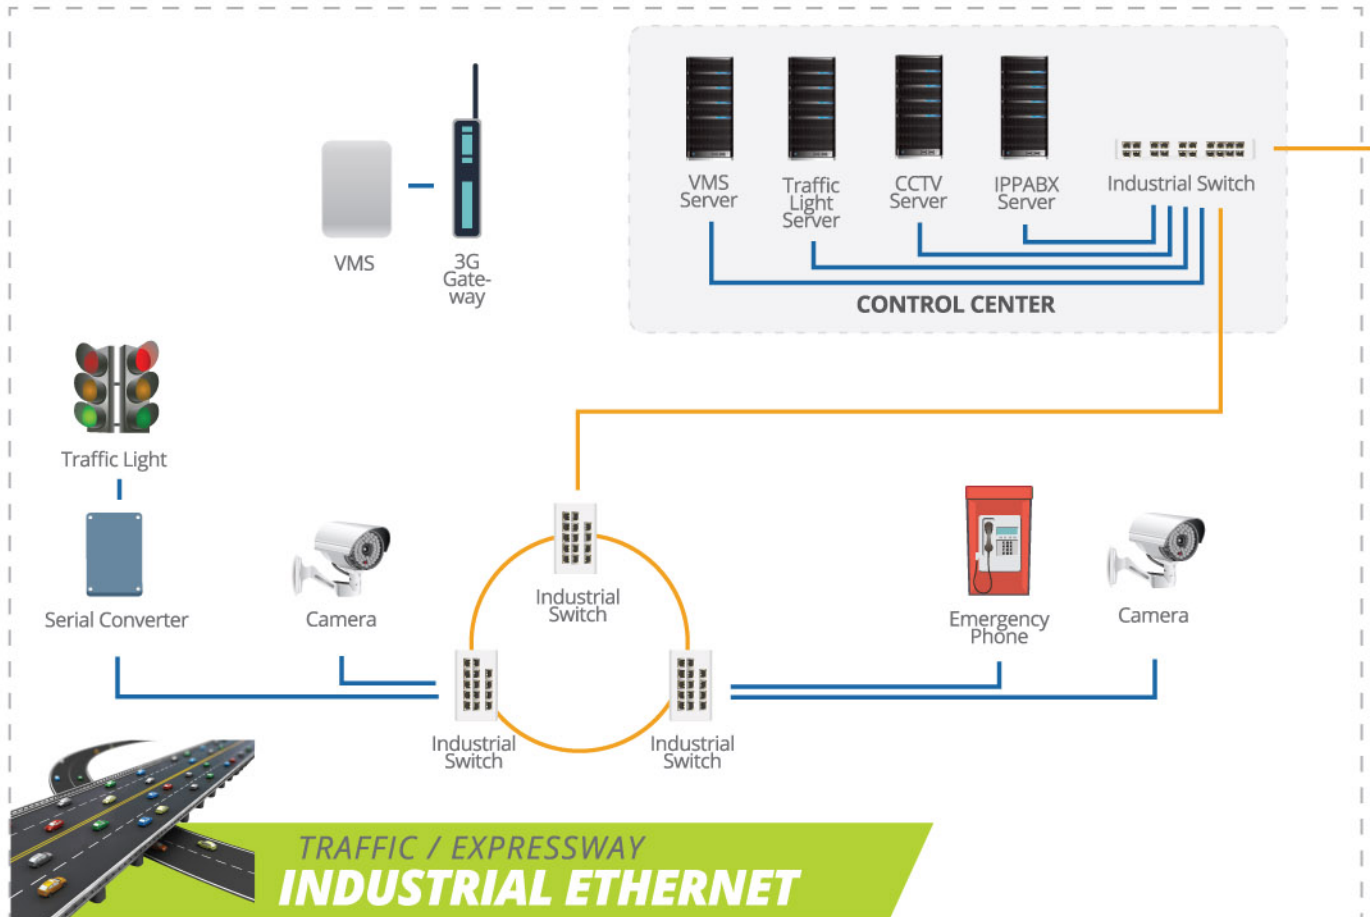

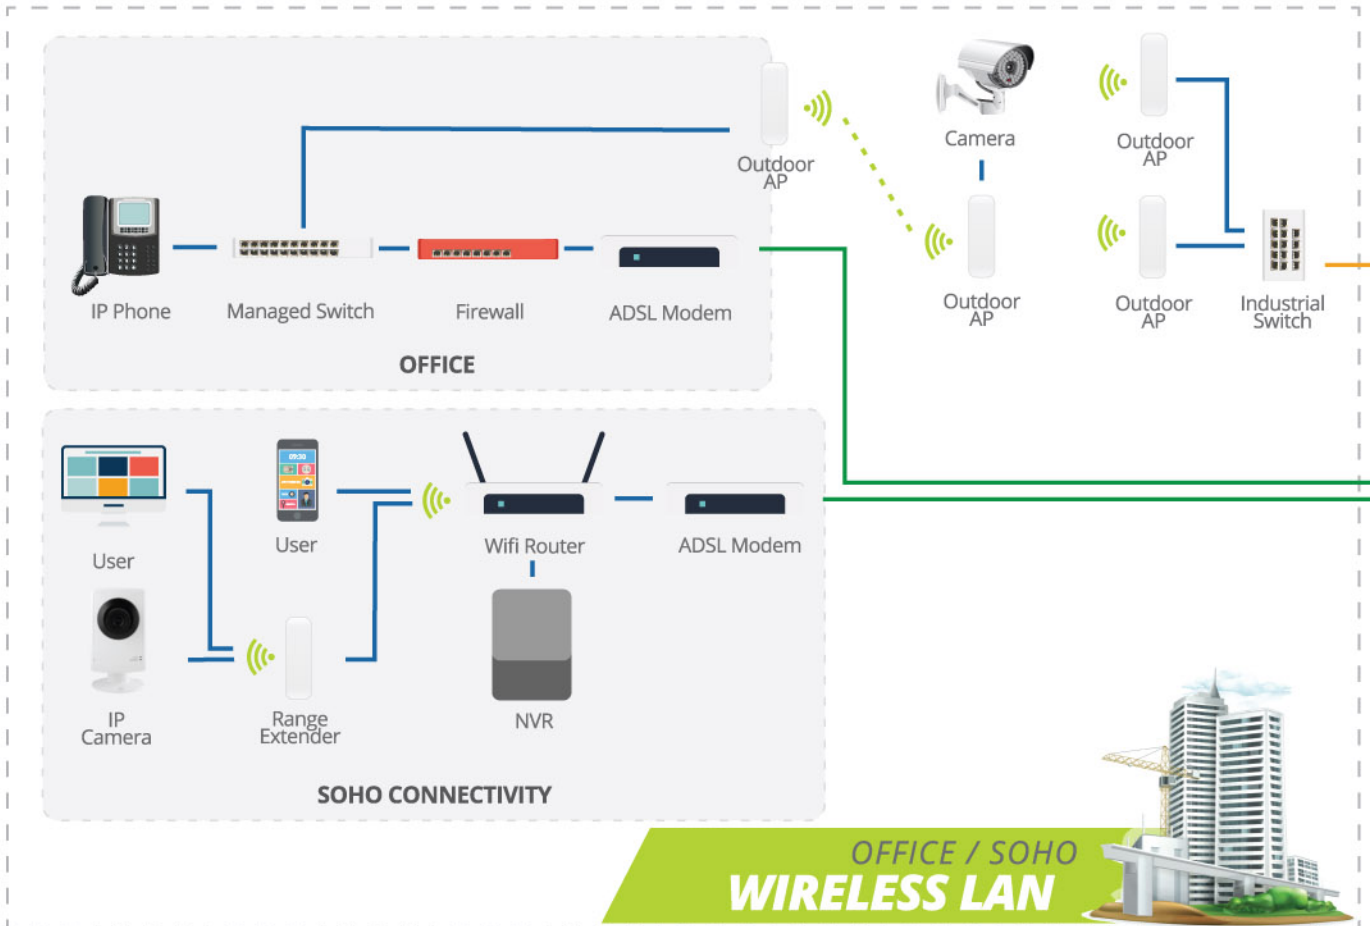

2014

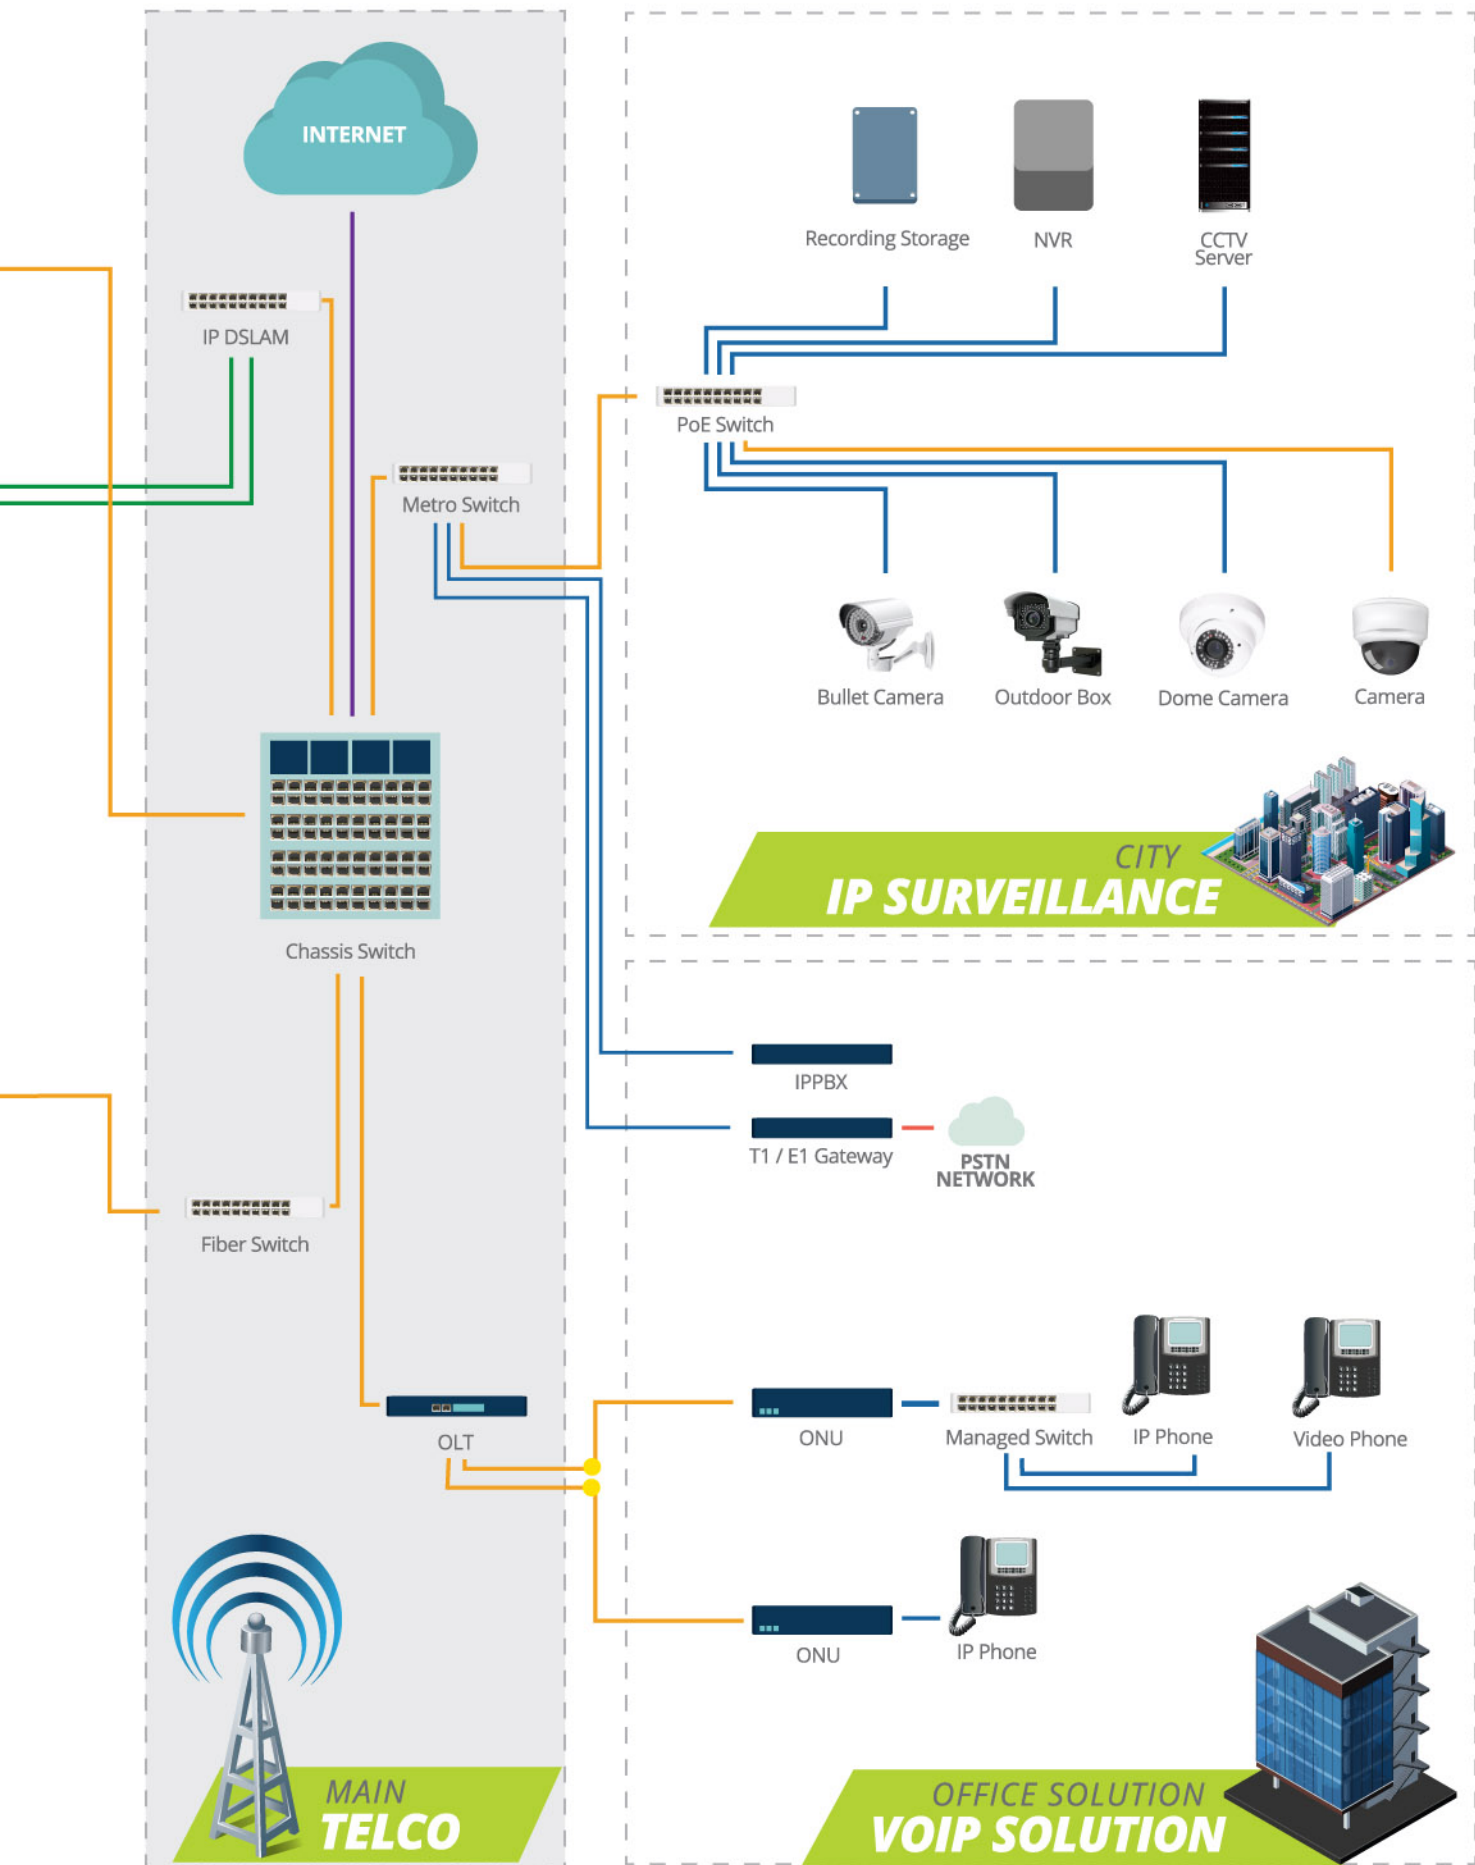

Appointed MSI distributor
Appointed Amroad distributor
Appointed ASUS distributor
Partnership with HIK
Appointed Amit distributor

Lower Operating Costs Without Compromise

FASTER DEPLOYMENT WITH EASY-TO-INSTALL DEVICES

ALCON, a recognised manufacturer and the leading innovator of wireless outdoor broadband equipment and WLAN platform, was established in 1993. ALCON have expanded the product range to incorporate 2.4GHz / 5.8GHz wireless LAN equipment using the most up-to-date radio technology.

- 1. 2.4GHz Wifi System**
 - * 2.4GHz Wireless Systems: Outdoor, Indoor
- 2. 5.8GHz Wifi System**
 - * 5.8GHz Wireless System
 - * Backhaul for Data, CCTV and Media
- 3. High Capacity Backhaul System**
 - * High Bandwidth Throughput
 - * Backhaul For CCTV
- 4. Power Amplifier**
 - * 2.4GHz Power Amplifier Series

amit

Working Diligently And Smartly For You INDUSTRIAL WIRELESS AP/BRIDGE, WIRELESS ROUTER

AMIT represents more than 14 years of rich experience in designing and manufacturing routers. AMIT strong in-house R&D teams are continually exploring and testing new technologies. Close interactions and consultations with the academic sector keep AMIT ahead of their peers.

- 1. 4G LTE**
 - * Cellularity Gateway for Chain Store POS, ATM and others
 - * Dual WAN Fall-over
 - * Support VPN
 - * QoS and Bandwidth Management
- 2. Wireless Controller**
 - * Multi-WAN Gateway
 - * VPN Concentration
 - * AP Controller
 - * QoS and Bandwidth Management

UPS, PQD

MAINTAIN POWER CONTINUITY AND CONSISTENCY

Ablerex is the acclaimed brand name of quality uninterruptible power supplies (UPS) and power quality devices (PQD) produced and marketed by UIS Abler Electronics (S) Pte Ltd.

1. For Corporate Users

- * RS Series - Intelligent On-Line Tower UPS
- * MP-RT Series - Intelligent On-Line Rack Mountable UPS
- * MS II Series - Parallel On-Line Tower UPS
- * MS II-RT Series - Parallel On-Line Rack Mountable Convertible UPS
- * Bric Three-Phase Modular On-Line UPS

2. For SOHO Users

- * SOHO Series - Smart Line Interactive Tower UPS
- * Glamor Line - Interactive UPS
- * Glamor Series - 450VA - 2000VA

Stringent Quality Control YOUR TOTAL SATISFACTION IN SAFETY, RELIABILITY, EFFICIENCY

With a strong Research and Development team, internal automated quality control equipment, and high manufacturing capability, we have won recognition as one of the best OEM/ODM suppliers in the Inverter / UPS (Uninterruptible Power Supply) / AVR market.

For Corporate / Business Users

- * Online UPS Tower Case Standar/ Long Run
- * Online UPS 19" Rack Case
- * Online Tower Case - PF0.9
- * Online 19" Rack Case - PF0.9

Keep your important data Safe and Secure USER FRIENDLY AND GREATER CONNECTIVITY

Thecus take pride in developing innovative storage solutions that keep your data safe and secure. Thecus marketing builds upon its strong customer focus to deliver high-quality products that meet all data storage needs, whether you are an individual, a small/medium business or a global enterprise.
